Contact Ian Pottage or Ryan Mills on 74-44886/44908

New Macintosh

A new era is beginning at Apple, and it's starting with New Macintosh – the first models to exploit the full power of PowerPC technology.

Because they have the latest PowerPC processors and run MacOS 8, New Macintosh computers are faster, more powerful, more compatible and remarkably reliable. The new Macintosh computers are wildly innovative, eminently practical and surprisingly affordable, so why not call us at ExMicro now for more details and information.

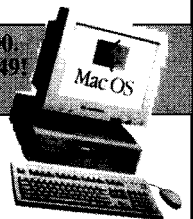

Special pricing on the Motorola StarMax 3200/200, 200mhz PowerPC 603e 16/1200/CD/Key'bd at £649! and a 17" FST monitor for an extra £299! exc. VAT
